

# IEMA Environmental Sustainability Skills for Managers

# Astutis.

## Introduction

This course is designed to support managers and supervisors from any industry in understanding the strategic and operational implications environmental sustainability has on them, their team and their department.

This course builds on the knowledge learned on the Environmental Sustainability for the Workforce course, with a greater focus on the details, giving managers and supervisors the tools to implement their broadened knowledge and skills.

## Who is the course for?

This is ideal for team leaders and managers who want to oversee organisational improvements in environmental sustainability.

## Benefits for Employers

- ▶ Increase your profit with cost savings in waste, recycling and consumption through improved leadership.
- ▶ Gain an advantage over competitors when tendering for business by demonstrating your leadership in sustainability.
- ▶ Improve management of environmental risks and protect your organisation's reputation.
- ▶ Learn how to manage ISO 14001 to engage stakeholders and staff while embedding environmental management into your business processes.
- ▶ Empower the non-environmentally focussed parts of the business who can drive change.
- ▶ Increase employee engagement and improve culture because they work in an environmentally conscious organisation that develops its leadership.

## Benefits for Employees

- ▶ Progress your career with an official certificate that demonstrates you can lead on the agenda and working practices in environmental sustainability.
- ▶ Gain tools and resources to support your responsibility to create a measurable sustainability impact.
- ▶ Ensure your team and organisation are compliant with legislation.
- ▶ Interact and engage with practical activities and workshops throughout the day, making for an exciting day of learning.
- ▶ Reduce the use of energy across your team and organisation to reduce your bottom line.

## Course Key Facts

**Duration:** Two days

**Learning method:** Online or In-Company classroom

**Assessment:** The IEMA Environmental Sustainability Skills for Managers course is assessed through a 20 question multiple-choice test.
