IOSH Working Safely

Astutis.

Introduction

IOSH Working Safely provides learners with a clear understanding of how their actions in the workplace contribute to safety and health. The course covers worker health and safety responsibilities, and how to identify and control common workplace hazards.

Who is the course for?

IOSH Working Safely is a basic short course suitable for all employees in any organisation.

Company Benefits

Having your staff take their IOSH online learning with Astutis, you will benefit from cost and time-saving training; the more online learning licences purchased, the lower the price. Learners will have access to highly interactive course materials created and maintained in-house. The course provides training for your staff with workplace scenarios applicable to their role.

Managers will receive reports to monitor progress. Learners will get support from our full time online learning advisory team, helping applicants when they need it. The course will make sure employees are aware of health and safety issues in their workplace. They will work safely and efficiently, reducing risk and the associated costs. Importantly, the IOSH Working Safely promotes an organisation-wide safety awareness culture and appreciation of safety measures.
