

YORK MAZE, YORK

CEDAR CLAD BESPOKE NEW BUILD

We initially came recommended to the excellent local business York Maze.

They liked the look of our Cedar clad new build range but needed the cabins bespoke built to their exact specification.

After meeting at our York site to discuss requirements and view indicative cabins, we were given the go ahead to build a second new build toilet (having built one back in 2016).

These wc's included an internal vinyl wrap, speakers, DDA compliant toilets and more.

The customer also required a large office space. To save on costs, we picked out and clad a 40' genuine used Portakabin unit in the same cedar cladding as our new build range and refurbished the office internally from top to bottom.

We now have 3 cedar clad cabins on site at York Maze so keep your eyes peeled if you are lucky enough to visit. We highly recommend their annual fright nights - Hallowscream.

COUNTRY BASKETS

6 BAY SINGLE STOREY MODULAR BUILDING

"The Exhibition Centre has worked out brilliantly"
Steve Wood, Managing Director

Country Baskets is the UK's largest wholesaler of floristry supplies with 8 depots nationwide. At their head office in East Ardsley, Wakefield there was a requirement to exhibit their products in a quality environment. Country Baskets chose Britcab to supply and install a building to suit their needs and were delighted with the outcome.

Britcab provided a 10.8M x 18M 6 bay single storey modular building and also provided foundations with steps & ramps to the external doors.
