SOVEREIGN
Bringing Imagination into Play

Richard was in contact with Victoria Head Teacher) via email initially and had provided a direct quote to her. They are a charity primarily who work with children who have traumas and Social, emotional and mental health issues. Over a few emails, it was agreed for Richard to come out and he visited the school in July 2023. The area they had was just a grassed area with a bit of slope in certain areas. They wanted a selection of Gym equipment with surfacing options. Discussions were had about the location and the type of surfacing required. In the end, the school ordered a range of Adults Gym equipment to meet the type of students they had at their facility.
