PRE-OWNED UNITS

Our refurbishment of units generally consists of

- External repaint (clients colours)
- Internal repaint
- New floor covering throughout
- All electrics, lighting and heating (inc certification)
- Roof check to ensure fully wind and watertight
- And more.

Each refurbished unit is personally signed off by two members of the management team to ensure our consistently high standards are maintained.

Our second hand units can be sold 'as seen' or can be refurbished/modified to clients agreed layout.

North Midland Construction PLC

Full site set up – Powys, Wales.

Britcab provided a full site set up to our good customers at North Midland Construction. The set-up consisted of 5no refurbished 32' x 10' units, stacked on top of 5 more. Fully refurbished and modified to clients specification. Delivered on time and on budget.

"The customer service is excellent. nothing is too much trouble and the company flex to what needs you may have. They offer unique answers to your enquiry and services that others don't."

Gatwick Airport

5 Bay Refurbished Modular Building

Gatwick Airport required additional training space for their airside operations team and needed it quickly!
Britcab supplied and delivered a fully refurbished 5 bay modular building within 2 weeks of order. Along with the refurbished building, Britcab also supplied a number of extras, such as -

- Effluent Tank
- Generator
- Water Bowser
- And more

Supplied, delivered and installed at half the price of a new build.

As our second hand stock differs from day to day, we would ask you send through any enquiry you have to - enquiries@ukcabins.com and we can quote you an accurate figure by return.
